

French coffee roaster since 1880

Our coffees are carefully selected
You can only expect the highest quality of coffee

We offer a range of ground and whole bean coffees: Arabica from small farmers of the Highlands in Vietnam, Robusta from different Vietnamese regions, as well as imported coffee from Cafes Folliet - mother company in France.

We combine competitive pricing with international standards in terms of quality.

We are a true 'craft roaster', roasting our coffees in small batches following the French roasting tradition.
